JOURNAL OF HYDRO-METEOROLOGY

Volume 23 - 6/2025

TABLE OF CONTENT

- 1** **Tuan, H.D.** Heavy metal concentration and human risk assessment of rock oyster in the coastal area of Ha Long City, Quang Ninh Province
- 10** **Hanh, H.T.** Research on building urban technical infrastructure database based on national geographic database at scale 1:2000 combined with other information sources - Van Chuong Ward, Dong Da District, Hanoi City
- 22** **Tham, B.T.H.; Thu, T.T.H.; Hoai, D.T.** Standardization of the elevation in the AW3D30 global digital elevation model to the Vietnamese national vertical datum: An experiment in Ninh Binh province and surrounding areas
- 36** **Dung, H.M.** Study to simulate the dispersion of air pollution and propose solutions to mitigate pollution from the Cat Lo Vung Tau fishing port, Ba Ria - Vung Tau province
- 50** **Dong, K.T.; Dung, L.N.; Hue, D.D.; Anh, T.V.** Comparison of random forest and extreme gradient boosting algorithms in land cover classification in Van Yen district, Yen Bai province, Vietnam
- 60** **Cuong, V.D.; Hung, N.T.; Hoa, T.D.** Morphological changes at Nhat Le estuary under hydro-meteorological influence
- 72** **Hoa, P.T.M.; Hanh, T.H.; Phi, N.Q.; Hoa, P.T.T.** Integrating Dempster-Shafer theory, certainty factors and topographic indices for landslide susceptibility analysis in Ha Quang district, Cao Bang province
- 88** **Cuc, L.T.; Hung, H.V.; Tap, V.H.** Application of ozone technology in leachate treatment for sustainable development: A brief review

Table of content

- 1** Tuan, D.H. Heavy metal concentration and human risk assessment of rock oyster in the coastal area of Ha Long City, Quang Ninh Province. *J. Hydro-Meteorol.* **2025**, 23, 1–9.
- 10** Hanh, T.H. Research on building urban technical infrastructure database based on national geographic database at scale 1:2000 combined with other information sources - Van Chuong Ward, Dong Da District, Hanoi City. *J. Hydro-Meteorol.* **2025**, 23, 10–21.
- 22** Tham, B.T.H.; Thu, T.T.H.; Hoai, D.T. Standardization of the elevation in the AW3D30 global digital elevation model to the Vietnamese national vertical datum: An experiment in Ninh Binh Province and surrounding areas. *J. Hydro-Meteorol.* **2025**, 23, 22–35.
- 36** Dung, H.M. Study to simulate the dispersion of air pollution and propose solutions to mitigate pollution from the Cat Lo Vung Tau fishing port, Ba Ria - Vung Tau Province. *J. Hydro-Meteorol.* **2025**, 23, 36–49.
- 50** Dong , K.T.; Dung , L.N.; Hue, D.D.; Anh, T.V. Comparison of random forest and extreme gradient boosting algorithms in land cover classification in Van Yen district, Yen Bai Province, Vietnam - Ke Bang National Park. *J. Hydro-Meteorol.* **2025**, 23 50–59.
- 60** Cuong, V.D.; Hung, N.T.; Hoa, T.D. Morphological changes at Nhat Le estuary under hydro-meteorological influence. *J. Hydro-Meteorol.* **2025**, 23, 60–71.
- 72** Hoa, P.T.M.; Hanh, T.H.; Phi, N.Q.; Hoa, P.T.T. Integrating Dempster-Shafer theory, certainty factors and topographic indices for landslide susceptibility analysis in Ha Quang district, Cao Bang Province. *J. Hydro-Meteorol.* **2025**, 23, 72–87.
- 88** Cuc, L.T.; Hung, H.V.; Tap, V.H. Application of ozone technology in leachate treatment for sustainable development: A brief review. *J. Hydro-Meteorol.* **2025**, 23, 88–99.
